HERE AND THERE

Bob Jordan has quit working for A. Erdman on Indian creek, and is moving onto his mother's place in the valley, where he will reside during the summer.

Mrs. S. W. Hall who has been visiting with her son Matt returned to her home at Chadron Monday night. Miss Lillie Zimmerman accompanied her, and will remain in Chadron for the next 3 months.

A. H. Bauman, Photographer of Crawford will be in Harrison next Monday March 30, and will remain until Tuesday night March 31st. If you want any work done in his line be sure, and remember these dates.

John Ebert from Ardmore was a Harrison visitor last Tuesday. Mr. Ebert says there has been lots of snow down with him; but he fortified himself by putting up plenty of feed, and therefore he does not fear the storms. A wise plan John.

We haven't heard any meadow larks singing yet this spring but we heard the kill deer chirping with their natural song yesterday morning, and it made us feel as though spring was here sure enough, but we long to hear the meadow larks once again.

Delinquent subscribers will please settle up. We have tried to be lenient, but we can't live on wind, and if our paper don't suit you, or you don't think you get your money's worth, settle up and stop it. But call and settle or we will be compelled to place your account in the hands of an attorney for collection.

John W. Christian won the prize of \$5.00 in the blue ribbon coffee contest. Well John was lucky for once, and we would not be surprised to hear of him being lucky enough to have some fair damsel to make his coffee, although John is no novice at coffee making. Here is best wishes for a fair damsel.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism.

Chamberlain's Pain Balm cured him after the best doctors in the town (Monon Ind.) had failed to give relief. The prompt relief from pain which this eminent affords is alone worth many times its cost. For sale by all Druggists.

We are in receipt of a copy of the Jefferson Bible, which is now owned by the Government, and the publication of which has been recently ordered by Congress.

Mr. Jefferson has been classed by some as a disbeliever; but we feel, that anyone that will read his bible will soon see that he was a true believer in God and in Jesus Christ as the Saviour of the world.

This book is published by N. D. Thompson Pub. Co. S. W. Cor. & Olive Sts. St. Louis. Mo.

We note in the Pioneer Grip, Captain W. R. Akers, logical statement as to where he stands on the issues of the mayoralty contest in Alliance. We only wish that all men that run for office would come out in as plain a language and with the earnestness as does Mr. Akers. The question of saloons and houses of prostitution are allowed to run by the consent of the better element for it seems that politics are more sacred to a great many than their sons and daughters are, or their religion. We hope that not only the christian people of Alliance will stand by Mr. Akers, but that all who desire that the moral standing of that town shall be raised and will give him their loyal support.

Gottlieb Knori was in last Saturday, and complained that some smart alecks had entered his house in his absence, and had thought to do something smart, but in his way of looking at things, and of the public, generally such conduct should be punished to the full extent of the law. They scattered corn, and other things over the floor, punched the eyes out of some pictures on the wall, and split open a joint of his stove pipe, and there being fire in the stove at the time it might have caused the loss of his house. Gottlieb is one of our quiet citizens, and every one has always found a welcome at his house when in need of shelter, but he says this is too much for a joke, and the parties are known to him, that did it and they will save costs, and trouble by coming around and making amends for this act of depredation.

The snow is disappearing rapidly, but we are not going to do any bragging, for that pesky groundhog lead us to believe that we were going to have an early spring, and we said so, but we won't bank on him any more.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach, and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all Druggists.

Carey Items.

Crowded out last week.

Ralph Raum is at home visiting his parents.

This beautiful weather gives one the spring fever.

Abe Greenwood is down, from Casper for a few days.

Ell Sowers is the first to begin putting in a crop this time. He was sowing rye last week.

Our S. S. is in a prosperous condition. A week ago there were 35 in attendance and last Sunday there were 32.

Nicholas Loyd, who has been herding sheep for the past three or four years thinks he will try farming this summer.

John Rice a former resident of Cottonwood, but now living in Butte County was here last week renewing acquaintances.

About a week ago John Dickey returned from Wyoming. He reports the range near Casper very short, and the loss of stock heavy.

Cottonwood population is still on the increase; since sending my last items, a 14 lb. girl arrived at the home of Carl M. Lux, and a daughter was born to Mr. and Mrs. Robt. Harrison March 14th.

At a special school meeting held in district number four it was decided to accept the western publishing companies offer to pay them the sum of \$15.00 for their account against the district for charts & etc; purchased some year ago.

There has been quite a tumble in here lately. Mr. Yakely slipped and fell on the ice, thought for a while he had fractured some ribs. Mr. Carey's horse fell down with him bruising his foot considerably, and last week John Dickey was thrown by a bucking broncho, and wrenched his back. None of them dangerously hurt, and all are getting better.

TIMOTHY

War Bonnet Topics.

More snow no news.

Carl Zerbst was on the sick list last week.

Mr. and Mrs. Merriam went to town Monday.

Mr. Valdez lost 3 head of cattle during the storm.

Mr. and Mrs. Joe Dunn went up on the divide Sunday.

Mr. Gustave Noreisch and daughter Bertha went to town Saturday.

Our Sunday school was a failure Sunday on account of cold weather.

S. S. at Gustave Noreisch's as usual next Sunday at 1 P. M. All are invited.

Pete Peterson and Miss Mary Leeling were guests of Robt. Keel last Tuesday.

S. S. at our school house as usual at 2:30 P. M. All are invited, especially Bill Harvey.

Neil Jordan started to town Saturday in a wagon, but when he got to Mr. Bob Keel's he was obliged to borrow a sleigh as there was so much snow.

I felt very much slighted when I heard that Pete Schaefer and Arnold DeBock visited Noreisch's S. S. and slighted ours but where there's girls there will be boys and we fail to have any young ladies in our S. S. at present.

Bill Harvey had the pleasure of attending the literary at Harrison. He said it was a pretty "bummy" affair, and that the literates at Bodarc two winters ago was far ahead of it, which of course pleased me as I had a slight interest in them. Perhaps the Harrison literary will do better as it grows older. Every one should try to do their part, for it is the only way to succeed.

Now Zekiel you don't need to be offended at what I said, I wasn't casting the least reflection on your poetry; I really did think it was splendid, and as for it being a gift I contend that brightness is a gift and there are too few people gifted with it. Well I am not gifted with poetry brightness but still I like it. I think "Buds and Blossoms" did splendid last week.

PEACHT.

READ IT THROUGH.

"Would Spoil This Story to Tell It in the Headlines."

To use an eighteenth century phrase, this is an "older true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all Druggists.

Beyond All Comparisons.

One of the many factors contributing to the remarkably rapid and solid growth of St. Louis is the marvelous development of the Southwest, and other territory tributary to that city in all lines of trade. In 1904 there will be held the greatest World's Fair in the world. The presidential campaign will also take place. To keep informed with the whole world you should subscribe at once for that peer of newspapers. The "Twice-a-week St. Louis Republic." It is indispensable to the farmer, merchant or professional man. Its telegraphic and cable service exceeds that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and worldwide facts. It is Democratic in politics, but distinctly a national newspaper and family journal. The subscription price of \$1.00 gives you two papers each week 104 papers in a year.

BREEZES FROM CENTRAL CITY.

The meadow larks and robins evidently think spring has arrived, and it did seem so a few days ago, but it is too cool this morning to be out picking strawberries or setting out tomato plants. The former snow has all disappeared, but the ground was covered with a pure white sheet this morning, it did not last long however. Mud—oh the depth and quality of that article no one tries to lather. Drays have stopped work and the city appears to be one vast mud hole. Wagon sinks in to the hubs. Men that have lived here for thirty years, say they never saw the mud as deep as now. The Platte has been on a frolic and has done pretty thorough work, knocking out bridges. Wood river was high, the town of Alda was covered with three feet of water. Workmen saved the R. R. bridge by the use of dynamite to move the ice. The mile wagon bridge went out at both ends. The bridges were taken at Columbus, Fullerton and Palmer, so they have had to resort to ferry boats as a means of crossing. We are wondering if Mrs. Rice can beat this mud story by this time, and what kind of weather will Zekiel have to report. Rye and wheat fields are looking green and the blue grass and clover are green as soon as they shed the winter blankets. That Bodarc S. S. is active again and hope they will have an increase in numbers and interest, and be a happy surprise for the wanderers when they return. F. W. is busy these days working on the Friend's personage. The Presbyterians are enlarging their church to accommodate its increasing membership. I believe they have added 34 new members this winter. The sick are improving and I guess a few favorable days will loose the grip of the gripe, as not many new cases are reported. The ladies of C. C. have provided a "Rest Room" which is a helpful addition to the city. Country people or travelers will find it a place to rest and brush up a little or wait as is often the case before time to leave town, and mothers have a clean place free from tobacco smoke where their babes can sleep while they are shopping. We think the women of Merrick Co. quite energetic and progressive. The fountain was procured through their efforts, and perhaps if they had set out to secure the Normal, there would be a better prospect of getting it, but we don't need it as much as some other places do.

CLIO.

In Wyoming.

Snow, snow, snow, nothing but snow.

Say Mr. Editor you will sure have to excuse us for our short comings this week, as this neighborhood is suffering from a snow blockade.

No mail since Tuesday of last week, as no one from here has been able to get to the post office. It began snowing and blowing the night of the 17th and up to this time, the 23rd, it is still at it.

Francis Deuel sold his farm last week, to Andrew Christian, so that Francis is now a free man.

PEACHT.

There was a dance at the hall on St. Patrick's night, but we understand that the dancers were few, those who were there report a good time.

Feed is getting scarce, and if this weather keeps up three months longer there will be a great loss of cattle on the Ridge.

Oscar Hatchet was cutting around on the Ridge last week. We understand that he cut the figure 8 at the dance, the 17th.

The entertainment in the hall, at the close of the two schools, on Thursday night, the 12th inst. was a grand success. Misses Florence and Amy Christian are both good teachers, and can get up a good entertainment. They have given good satisfaction in our schools, and should be employed for the next term. When we have good and tried teachers at home it is not business to employ strangers in our schools and send them away from home. We hope they will teach our schools the next term. Our schools are to begin April 13th, so the board has decided.

No, Buds and Blossoms, we did not say that Mr. Black was a "darkey"; Because a river is named White, is it a sign that it flows with milk and honey? We only meant the contrast in names was too great. Uh-huh, its leap year here all of the time; You must remember that in Wyoming women have equal rights with men, this is a woman's rights state; They can vote at all elections, hold office and are assessed two dollars poll tax same as a man. You had better move into Wyoming and vote for Roosevelt in 1904.

Bodarc Gleanings.

Last Wednesday the snow decended and the wind came, and behold we are having another winter in the valley.

J. L. Audesson moved his family into the Bunge house the first of last week. Jim intends to work for himself here after.

Jimmy Wilson was a pleasant caller last Tuesday. He is having good success in killing those prairie dogs.

Cleve Zimmerman is on the sick list this week with an attack of LaGrippe.

Mrs. Hall who has been visiting for the past week with her son F. M. Hall returned to Chadron Monday evening accompanied by Miss Lillie Zimmerman.

Z. F. Antrim and family visited with Mr. and Mrs. Phillips last Sunday.

A number of Robin redbreasts made their appearance in the valley just before a storm. Those few warm Sunday days deceived them. They thought it time for the hoppers to be out.

George Wickersham arrived here about two weeks ago, he brought with him a young man from S. D. the two have been batching for the past week and we presume by this time both are thinking strongly of home sweet home and mothers cooking.

Mr. and Mrs. John Thayer, Clarence and Lillie Zimmerman Annie and Arthur Miller took dinner with Mr. and Mrs. Irven Zimmerman last Sunday.

We learn from the PRESS JOURNAL of the appointment of Conrad Parsons as successor to J. B. Burke. We have known Con for a number of years and believe him to be an honorable and deserving young man and we wish him success in his new field of labor.

Invite American Bishop.
